President's Report

A surf club's success is due to a co-operative effort. If a club is to have a good season many individuals must contribute. A large number of people have sacrificed time, worked hard and contributed their money to make sure that Terrigal S.L.S.C. Incorporated saved lives and provided healthy activities in which people could take part.

Many people think that lifesavers are paid. The reverse is true. Lifesavers work hard to make going to the beach a safe pastime. When they actually do save a life they are rarely thanked. Lifesavers are an example of Australians contributing their time, effort and money to benefit the lives of others.

COMPETITION

The Surf Club has had a very successful season in competition. All members who trained hard and tried to compete to the best of their ability deserve to be congratulated. As do those who gave their time to train them. Competing as well as you are able is an achievement of itself.

The highlights of the season were when the Junior Beach Relay team won their event at the State Titles by a big margin and when David Love had the success he deserved in the Junior Ironman.

David Love was selected as Competitor of the Year not just for the Gold Medal that he won at the N.S.W. State Titles, but for the whole hearted effort that he put into training to be successful.

CLUBMAN OF THE YEAR

This year this award went to Paul Hawkins. Paul was there to help, usually before he was asked, all season. Paul's positions as Club Vice-President, Delegate to the Central Coast Branch, Delegate to the Central Coast Board of Junior Activities and Chairman of the Club Judiciary Committee meant that he was attending meetings all the time. Paul helped in fundraising, social functions, at carnivals and wherever he was needed.

PATROLMAN OF THE YEAR

Will Anido was made Patrolman of the Year. Will is one of the Club's most competent lifesavers holding more lifesaving awards than anyone else his age in the Club. Once again Will achieved 100% patrol efficiency. Beside his own patrols, Will was always willing to do extra patrols whenever he was needed.

This was Will's first season as a Patrol Captain. Throughout the season Will has taken a most responsible attitude to the performance of patrols and well deserves to be Patrolman of the Year.

SOCIAL ACTIVITIES

At the start of the season the Surf Club could not find anyone prepared to take responsibility for arranging the social activities necessary for any volunteer rescue group. The Club Vice-Captain, Greg Williams offered to do the organising rather than see it left undone. Greg was ably helped by Paul Minto, the Club's Gear Steward. The duo arranged some very successful social functions including the Christmas Party, Presentation Night and the monthly barbeques.

JUNIOR ACTIVITIES

Ron and Lorna Stone, Max and Ness Varco and quite a few other people, have worked hard all season to ensure the smooth running of the Junior Activities Group.

Scott Hawkins and Wendy Stone deserve special mention because they coached squads of juniors for their Life Saving Certificate. This is a difficult and time consuming job. They are very unusual amongst the people who helped make the Junior Activities successful in that they are teenagers and not parents of Juniors.

John Howick was Water Safety Officer this season and while he did other things for the Club, looking after the safety of the children was the most important. John never had less than one hundred children to look after. This season, there were many Sundays when the surfs were big and sometimes dangerous. John was always careful and was fortunate in being assisted by the many other members especially the Club's I.R.B. Drivers.

SPONSORS

Most of the money that runs Terrigal Surf Club is raised in very small amounts through raffles at 20c a ticket, beach float hire at a dollar an hour, membership fees and social functions. Sponsorships are a real help. Not only do Members have to pay less themselves but it allows more time for Members to do lifesaving. Peppers helped this season through the purchase of some gear and equipment. The Surf Club hopes that this will be an ongoing relationship.

Terrigal-Wamberal R.S.L. and Terrigal Memorial Country Club through the purchase of I.R.B. motors have helped to ensure that the beach is patrolled by I.R.B.'s.

Many other service organisations and businesses have helped keep the Club operating. Without the assistance the Surf Club Members would not be able to afford the gear, insurance, maintenance and other costs that have to be paid by a volunteer life saving organisation.

COMING SEASON

Members and money have always been hard to find. In the community real wages are lower, taxes and interest rates are higher. Ordinary people find it harder to give money to the Surf Club. With money tight, shiftwork and second jobs becoming the norm, members as a result, are harder to find. Members and money are harder to find now than they have been in the past.

We are fortunate in having talented lifesavers on the beach and on the Management Committee. The Surf Club must continue to train and foster those talents so that the Club is able to meet the challenges of the future.

Installation of Life Members

GORDON LAMBERT [1950 - 1978]

At the 65th Annual General Meeting of the Terrigal Surf Life Saving Club Incorporated held on 14th August, 1988 the membership unanimously agreed that the late Gordon Lambert's services to the Club be recognised by his name being added posthumously to the list of Life Members.

Born in 1935 Gordon obtained his Bronze Medallion in 1950. He died in 1978.

Gordon became the first Terrigal member to win an Australian Title, when in 1954-55 at the age of 20, he won the Single Ski Championship.

He also won the State Title in 1959-60 and the NSW Inter-branch event in 1966-67. That year he was Captain of the Taplin Relay Team and Captain of the Country Team that toured New Zealand in 1970.

He won the Central Coast Branch Single Ski Title more times than anyone else, each year from 1949-50 to 1964-65 and again in 1967-68.

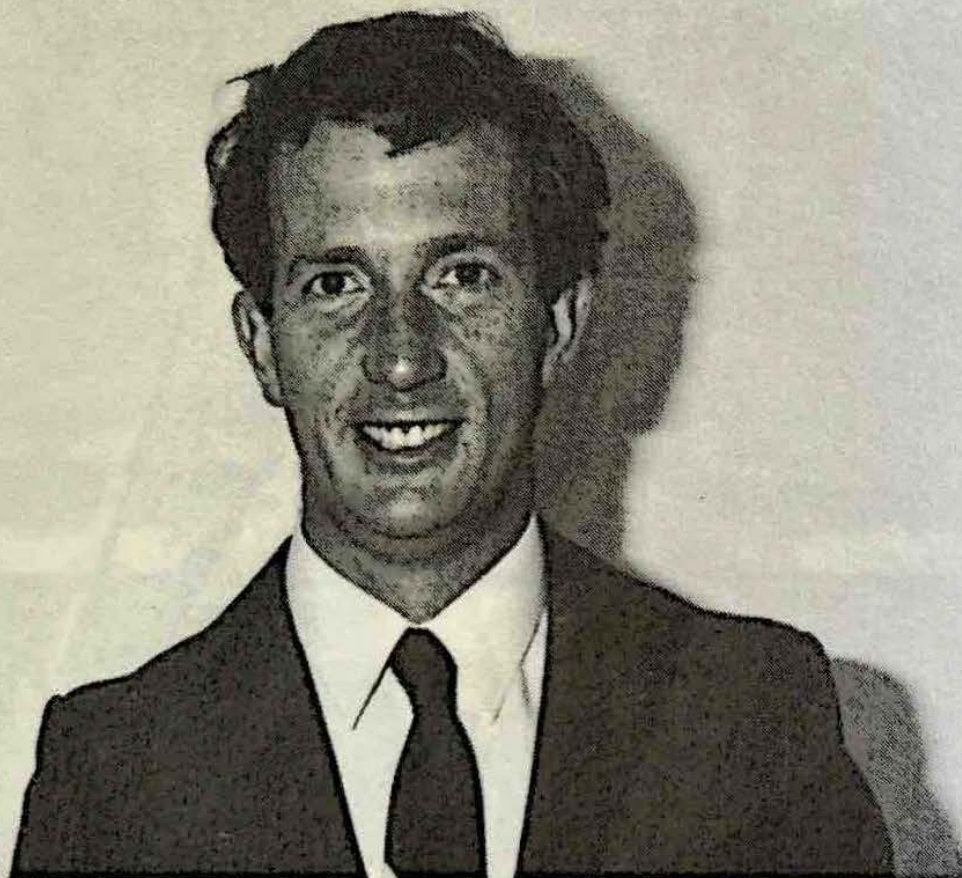

He was Captain of the winning Taplin Relay Team at the 1967 Australian Titles.

Gordon was President of the Club from 1967 to 1969 and 1973.

As a member of the Police Force, Gordon served most of his working life at Terrigal and over the years had rescued many children from the lake and adults from the surf during his off duty hours.

His skill as a ski rider was responsible for saving many lives and his exploits in heavy seas are legendary.

JAMES EDMUND LEGGE [1970 -]

James joined Terrigal S.L.S.C. in November, 1970 and gained his Bronze Medallion in January, 1971. Over the last nineteen years James has been an active patrol member and has never missed a patrol without having made the correct relief arrangements. Some of James' qualifications are set out hereunder:-

TERRIGAL SURF LIFE SAVING CLUB AWARDS

Patrolman of the Year	1975
Clubman of the Year	1981

RICHARD PHILLIP LEGGE [1970 -]

Richard Legge joined Terrigal S.L.S.C. in 1970 at the age of fifteen and started doing patrols immediately, gaining his Bronze Medallion in January, 1971.

When Rick did a patrol then, he had to arrange a lift from Tuggerah to Terrigal. This was more of a challenge than it looks because Wamberal at the time was a dairying area which was frequently subjected to flooding.

When Rick went to University in Newcastle he continued to do patrols, travelling home each weekend to do them. Given the size of the active membership at this time there were plenty of patrols to do.

In 1976 Rick was elected to the Executive of the Surf Club as Treasurer. At the time he was studying hard for an honours degree in accounting and at twenty, Rick was one of the oldest and most experienced members left in the Club.

Rick was re-elected Treasurer in 1977, continuing to do patrols whilst working as an accountant in Sydney and studying for his professional year.

Rick was again elected to the position of Treasurer in 1984. Rick brought to the job of Treasurer his professional expertise and his considerable experience on previous management committees of the Surf Club. Over the past four years virtually all Rick's limited spare time has been directed towards the Surf Club.

Although most people know that Rick has been helping to train the Club's bronze medallion candidates over the last couple of years, the majority do not know of the squads that Rick trained in the mid 1970's. Rick earned his Instructors' Certificate in January, 1976.

Rick was first made a Patrol Captain in 1973. He has been a patrol captain in most of the seasons since then. When Rick has not been a patrol captain it has usually been done so that a less experienced member could gain confidence.

In most of the seasons since he joined the Surf Club Rick has earned his 100% patrol efficiency award.

Rick has had little recognition for a loyal and conscientious effort spread over nineteen years. First as a committeeman and later as a treasurer, Rick has worked hard to ensure that Terrigal S.L.S.C. continues as an efficient life saving club.

Club Captain's Report

Again its the end of another season - and again it has been a successful one. The number of active members have remained static and with the increased number of bathers using the beach, there is a need to build on the numbers.

The safety record on the beach was pleasing with a low number of serious cases requiring attention. Thanks to all the Patrol Captains for their dedicated service throughout the year - particularly the first timers who were amongst the best of the crop. One of these - Will Anido - was awarded the Harry Vickery Memorial Trophy for Patrolman of the Year.

His achievements for 1988/89 for which he received this award are set out hereunder:-

Will Anido [Captain]
 Greg Boag

 David Love

I would like to compliment Greg Williams, the Vice Captain, who worked so hard this year, particularly with his organisation of the handicap competition each Sunday, running the Club Championships and the Inter Patrol Competition. These commitments required Greg to be on the beach every weekend and he never shirked his responsibility. He also gave me great support when I was unable to be on duty when he ensured that patrols were on duty. All this on top of 154 patrol hours was indeed a mighty effort.

At no time throughout the season were we without an I.R.B. on patrol. Morrie Abell had the thankless task of maintaining the two boats and motors. In order to keep them fully operational he had to spend many hours on repairs. On behalf of all the drivers, I would like to thank Morrie for his fine effort and hope he will back up again next year.

For many years now Lorna has been deeply committed to Terrigal Surf Club. She has always been available to work in the canteen - run beach events for the Nippers - and run raffles on the beach.

This year she worked hard to make to social events for the junior activities successful. Lorna was always available to assist at the Club's social activities.

Each week she was on the beach organising and conducting junior activities.

Vice Captain's Report

The 1988-89 season has come to an end and revealed a lot of interest in all Club events which makes the running of events such as the handicaps and Club Championships a lot more interesting and worthwhile.

Thanks again to all the members that turned up to compete in these events for without such good attendance they could not be as successful as this years events proved.

Special thanks to Paul Hawkins who is not only a great dancer but was a great help on the beach in starting and taking times in the handicap events.

Congratulations to all the Club Champions

Stuart Boag	Senior Men
Wendy Stone	Junior Girls
David Love	Junior Boys
Cassie Taylor	Cadet Girls
Paul Stone	Cadet Boys

Congratulations to Will Anido who took out three of the four events in true style. Great efforts were also put in by Scott Hawkins, Mick Trickett, David Love and the veteran Rick Legge [with his ruthless attacks at the swim and marathon events]. All were up there in the points battle.

The end of the season Club teams event once again turned out to be a day of great competition and a lot of laughs to all those who took part in the lousy weather and congratulations to the winning team.

Competitors of the Year

David Love and Wendy Stone receiving their trophies from Mrs Mavis Galvin.

Selecting the Competitors of the Year was no easy task with so many fine athletes representing the Club and winning so many medals.

David and Wendy were selected for the reasons set out hereunder:-

Chief Instructor's Report

Well another season has come and gone, with the poor weather, and lack of committment from some new members the number of awards gained this season are down slightly from last year.

This season members gained eight Bronze Medallions, thirteen Surf Life Saving Certificates, six I.R.B. Drivers Certificates and Will Anido and Ian Bennett gained their Advanced Life Saving Certificates.

Morrie Abell, Stuart Boag, Wendy Stone, Michael Trehy, Martin Lacey and Sharon Ward gained various Instructor's Awards. I would also wish to extend my congratulations and thanks for the hard work they put in, and also to Jamie Legge and Scott Hawkins who trained squads.

To all successful candidates, congratulations on behalf of the Executive and Members of the Club.

Carnival Secretary's Report

What a year!! This season has been without doubt our most successful season in decades. We took home more Branch, Regional, State and Australian medals and places since 1962, and now have well and truly re-established our Club as one of the most competitive in the country.

Apart from our success in competition, our sportsmanship, maturity and our general behaviour has become our reputation, and every competitor from Cadets through to Seniors can be very proud of this.

In our ranks this year we had no fewer than five State Champions and two State Silver Medalists. David Love has really given the likes of Guy Leeche and Trevor Hendy something to worry about next year with a superb win in the State Junior Ironman event, and likewise Will Anido at the Australian Titles by being 5th in the Junior Ironman final beating the current champ Guy Andrews. Between the two, David and Will, also brought back to the Club gold and silver medals at Branch and Regional Championships and some great wins at major Sydney carnivals.

Michael Trickett, Paul Trickett, Martin Minto and John Minto our under eighteen Beach Relay Team, showed no mercy in the State final, grabbing the gold by four metres. My congratulations go to these four guys who have created Club history by taking our first ever gold medal on the beach. John Minto backed up in the Junior Beach Sprint and showed what a great prospect he is by taking out the silver medal.

Paul Minto's success this year also created history by becoming our first competitor to go through undefeated on the sprint track to the State Championships and there collecting the silver medal behind Darren Peters, the current Australian and World Beach Sprint Champion.

Along with David Love, Beth Halon and John Minto, Paul was selected in the Branch Team. Paul was also the lynch pin in our Open Beach Relay Team of John Trickett, Craig Adams, Peter Talbot, Andrew Fortis and Darren Boyle which took out its 3rd Branch Title and which has lost only one event in two years.

Our Cadets were not without glory either. Beth Halon winning the State Inter Branch Cadet Ladies Beach Sprint Championship and Paul Stone making the quarter finals and semi finals on the board in the State and Australian Titles.

RADIO STATION 2GO - SPORTS STAR OF THE WEEK AWARD - DAVID LOVE

David Love's potential in Life Saving Competition was first recognised when at nine years of age he was selected to the Central Coast Junior Surf Life Saving Association's Branch Team to compete at the State Inter Branch Championships. He continued to compete for the Branch Team for each year he was a member of the Junior Surf Life Saving movement.

He won numerous State medals and from the age of eleven until thirteen was a member of the New South Wales Junior Surf Life Saving Team competing as a Surf Swimmer and Board Paddler at the Australian Championships.

At age fourteen he moved into the senior ranks and for the past four years has been a regular member of the Under 18 Central Coast Branch Team and for the last two years was a member of the Inter Branch Champion Surf Ski Team.

Over the last few years David has been gaining a reputation at surf carnivals throughout the State as an Ironman Competitor - the most grueling event in Surf Life Saving Competition.

He reached his potential on 5th March, 1989 when in the mountainous seas off Cape Hawke, Forster in an awesome display of power surfing David became the Junior Ironman Champion of New South Wales, with a winning margin of some eighty metres, a display truly worthy of 2GO's Sports Star of the Week Award.

APPRECIATION AWARD - BOB CAIRNCROSS

For the past three seasons now Bob Cairncross has devoted many hours training members of Terrigal S.L.S.C. in Beach Sprinting.

Although a member of Avoca S.L.S.C. Bob sets aside two afternoons each week to train our competitors. He is a family man and to spare such time for training must of course place extra demands on his family.

As a former Australian Beach Sprint Champion he has enormous experience and knowledge to impart to our athletes and as a teacher he has the ability to pass this knowledge on. This became evident this season with the rewards gained by our sprinters.

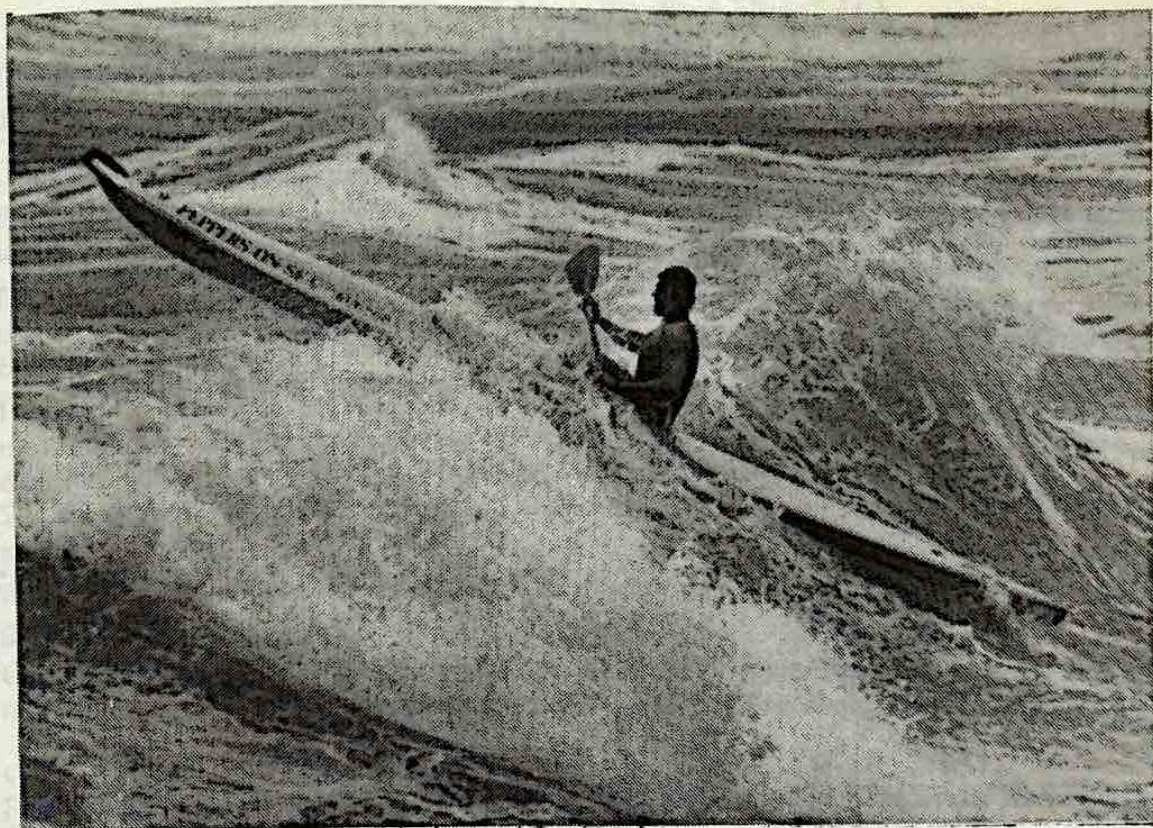

Paul Minto expressing our appreciation to Bob Cairncross
on Presentation Night

I have tried to mention everyone this year, but it is impossible to highlight everyones success -However, I would like to say that every competitor from our Club has represented us in the best way possible and we are not only regarded as a team of champions but more importantly - a champion team.

The Australia Day Council Medallion For Achievement

GOSFORD CITY 1989 - WILLIAM MURRAY ANIDO

William Anido [D.O.B. 25/11/70] joined the surf life saving movement as a seven year old nipper in 1978 with Terrigal Surf Life Saving Club. He has remained with that Club ever since and in each of those ten years has received one hundred per cent attendance awards.

An outstanding young life saver, William has been responsible for numerous successful rescues and has also performed with success in top level competition being proficient at swim, board paddle and ski.

This year he is a Patrol Captain, Junior Club Captain and a member of the Management Committee of the Club.

SURF LIFE SAVING AWARDS:

Advanced Surf Life Saving Certificate, Bronze Medallion, Advanced Resuscitation Certificate, Resuscitation Certificate, Radio Operator's Certificate, Surf Survival Certificate, I.R.B. Driver's Certificate, Surf Life Saving Achievement Award

OTHER QUALIFICATIONS:

Surf Coach - Grade 1, Senior First Aid Certificate, Licence to Navigate Registered Vessel, Sport Injuries First Aid Certificate

BRANCH REPRESENTATION:

William has been a regular representative in Branch Teams since aged nine concentrating mainly on the paddle board. In 1982-83 he was a member of winning Board Rescue Team at the New South Wales State Inter-Branch Championships and in 1984-85 gained second place on the Board in the State Championships. Last year he was a member of the winning Board Relay Team at the State under 18 Inter-Branch Championships.

He was recently selected to the team to represent the Central Coast Branch of the Surf Life Saving Association of Australia to tour the United States of America and Canada in 1989.

RESCUES:

William was involved in two major rescues in the last twelve months. In the first instance on Sunday, 1st November, 1987, a young woman owes her life to Williams's skill in surf life saving and in the second case on Boxing Day, 26th December, 1987, although the person died, the attempt to save him was made in extremely dangerous conditions which placed William and the other rescuers at great risk. These are only two of many rescues performed by William since he commenced patrolling our beaches.

At Club level William has gained many awards. In the junior activities section he was the Club Captain for three consecutive years, Club Champion since aged eight, twice Competitor of the Year, Clubman of the Year and four years Iron Man Champion. Since moving to the senior section of the Club William has been Cadet and Junior Club Champion and for the past two years has been Junior Club Captain.

William has just completed his final year at High School and was awarded the prestigious "Sportsman of the Year" Award at Terrigal High School. This achievement was not only for excellence in sport but also for attitude and decorum in sport. He represented in athletics, swimming and cross country.

First Aid Officer's Report

The 1988/89 season proved to be a great success, not only in competition but also in the treatment of first aid cases and also in the prevention of incidence. During the season a total of 793 first aid cases were treated, which included 770 cases of marine stings, 4 cases of major first aid, and 19 cases of minor first aid. Most importantly through the vigilance, and the competence of our patrols there were no fatalities on our beach when the patrols were on duty.

First Aid Equipment - Once again Clyde A. Marshall, Chemist, The Esplanade, Terrigal donated all our first aid equipment and the members of the Club are deeply grateful for his continued support.

Hepatitis B - Surf life savers are a high risk group of coming into contact with Hepatitis B. The movement is currently conducting a drive to have its members immunized against the disease. Some sixtyfive members recently received their injections to combat the disease. The at risk group are the 16 - 25 age unfortunately a large number of this group in the Club saw fit not to have the injections.

We are grateful to our Honorary Medical Officers, Doctors Evershed and Little who gave their valuable time immunising our members against Hepatitis B.

Overall I wish to congratulate all members on a job well done, and also I wish to thank those members who helped maintain the first aid facility during the season.

I.R.B. Captain's Report

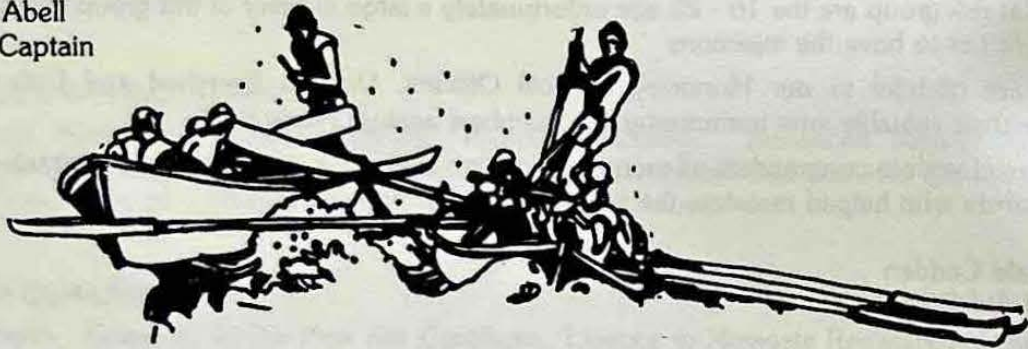

This season has been quite a successful one. We were fortunate enough to obtain all our fuel cost free from the Terrigal Shell Self Serve, also through the generosity of the Terrigal/Wamberal R.S.L. we have been able to purchase a new Evenrude Motor.

I think we can boast that not one weekend past that we did not have an I.R.B. on standby and in most cases every patrol had at least one qualified driver on duty.

This year only two members have trained for their I.R.B. Driver's Licence, but happily we should have at least twenty qualified drivers on duty.

On the down side, I have not been happy with some of our members for their lack of consideration for the I.R.B. equipment. Hopefully these people will act more responsibly in the future and as I am unable to stand for this position next season I hope they give the new I.R.B. Captain a little more assistance then they gave me.

Radio Officer's Report

This season saw our radios working well. The main station in the tower required only attendance on one occasion and our thanks to Pacer Communications for their quick turn around on repairs and for their help and advice during the season.

The hand held 1 watt walkie talkies have performed well and with new antennas and batteries should see us through the 1989/90 season.

The following season all surf clubs change over to U.H.F. band - with radios at about \$1200 each - the change over will place a great burdon on the financial resources of the clubs. With this type of expense involved members will need absolute care in the maintenance of the radios.

Junior Secretary's Report

The past season proved to be another very busy, enjoyable and successful season. The club registered 155 nippers and nipperettes and 101 of these children received their national age awards.

Mr Ian Taylor, our Chief Instructor must be thanked for giving up all of his spare time, including his holidays, to instruct the children for their awards.

Our children once again excelled themselves in all areas of competition and it is wonderful to see the closeness that has developed between the children and the fact that they are enjoying themselves so much in Surf Life Saving Activities.

It must also be remembered that the commitment and contribution of the team managers, instructors, parents and friends has played a major role in the development of the junior section of our club. Without that dedication many young people would not have had the opportunity to foster their interest in the surf life saving movement and develop the friendships they have, plus that team spirit. I would like to thank all these people and especially the children.

I would also like to thank Bill Smith for assisting with the secretarial duties while I was recovering from surgery earlier this year.

I will not be standing for the position of Junior Secretary and Junior Registrar for the 1989 - 1990 season. I have held positions on the Junior Committee for the past 11 years and I now think it is time for a break.

In closing, I would like to wish everyone the best for the 1989 - 1990 season.

Yours in Surfing

Junior Chairman's Report

The season just completed has been a successful one and I hope an enjoyable one for our boys and girls and parents alike.

Congratulations to the many successful competitors both at carnivals and on our beach. I would also like to pay tribute to those who may not have won trophies, but were there to compete each week.

As always our liasion with the senior section of the Club has been good, and I would like to extend my thanks to the respective Patrol Captains, their I.R.B. Drivers and crews.

I would like to congratulate our Committee for their hard work and organisation throughout the year, not forgetting our team managers and water safety people.

On behalf of our Club and members I would like to extend my gratitude to all of our sponsors who have helped us throughout the season.

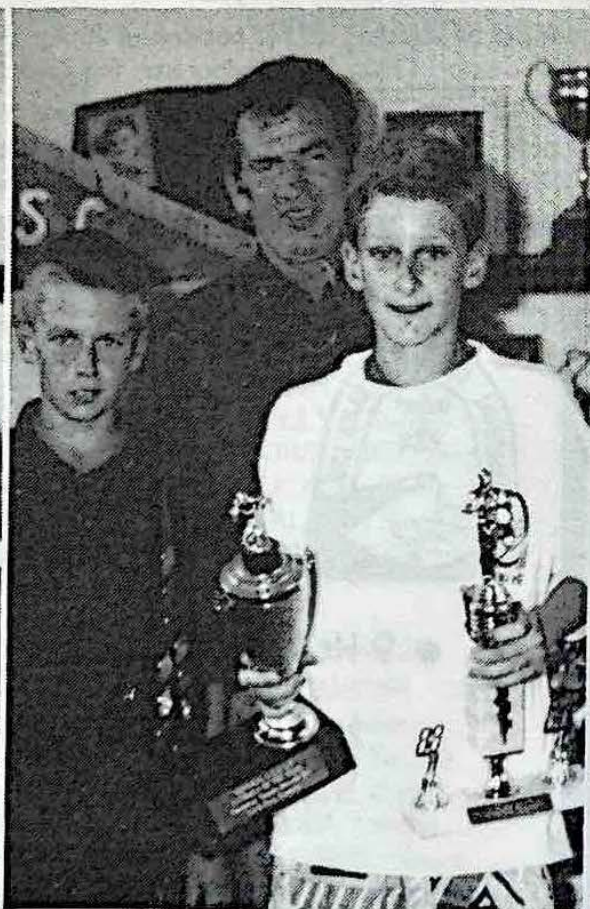

By the time this report is published it will be time to start organising for next season, please don't be shy as new blood is always welcome. I am sure you will enjoy it.

Competitor of the Year

David Dalton receiving his Award from Club Secretary, Doug Anido

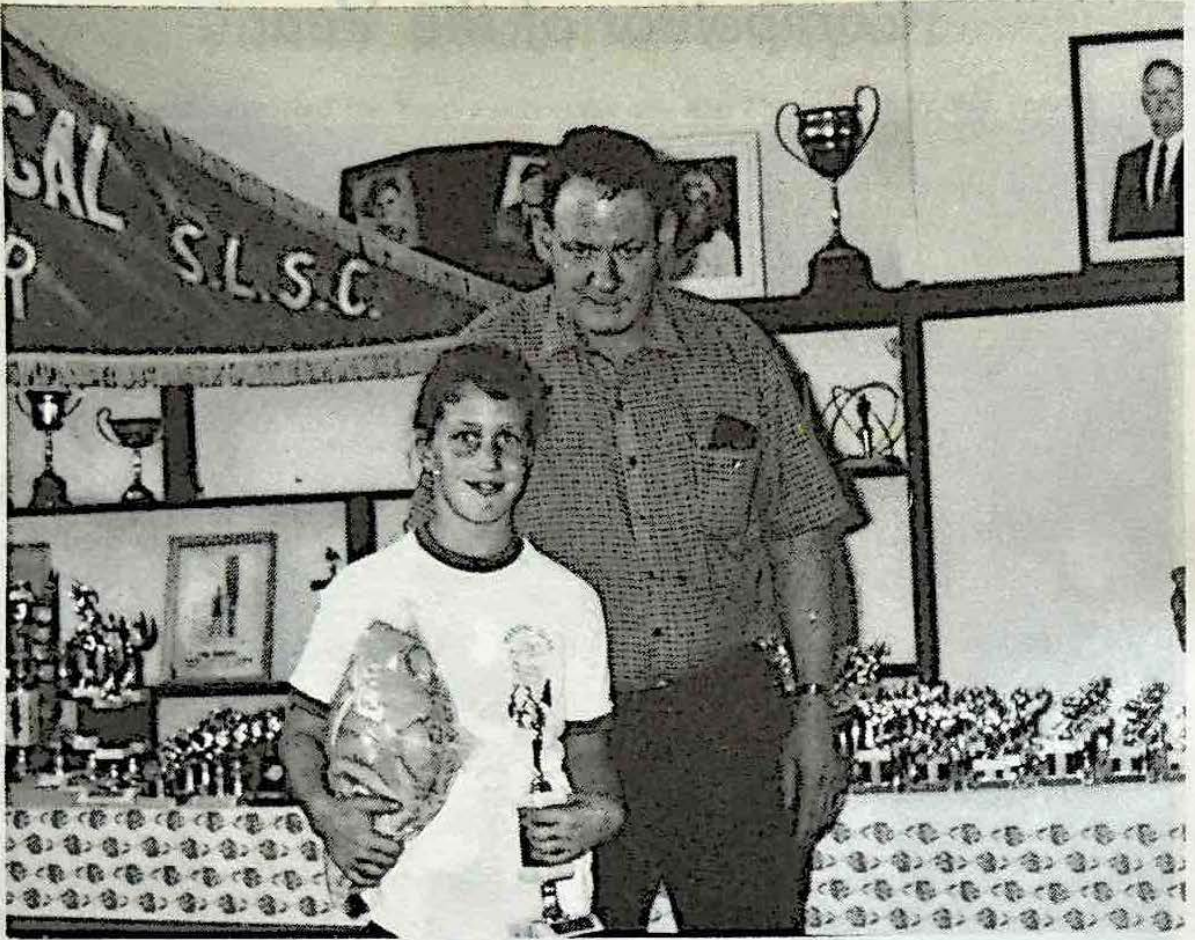

David Dalton has won the Gordon Lambert Memorial Trophy for Competitor of the Year for the third consecutive year. He had an overall medal total of 33.

His Club Awards are: 1st Handicap Point Score, 1st Senior Richard Hayes Trophy, 2nd Club Championships.

At the Central Coast Branch Titles he was: 1st Board Relay, 2nd Ironperson, 2nd Team Swim, 12 year, 3rd Swim, 3rd Board.

He was selected for the Inter Branch Titles at Swansea Belmont.

David won a Silver Medal as part of the Board Relay Team at the State Titles at Mollymook as well as going through to the finals in the Swim, Board, Ironperson, Swim Team and Cameron Relay. Congratulations, David.

Competition Results

Before listing the results for the 1988/89 season, I would like to thank all the children who competed at Carnivals for their co-operation, behaviour and performance. They all gave of their best. My thanks also to the parents who brought the children to the carnivals and the team managers, officials and other helpers, without whom we would not have been able to participate.

We finished the season with a total of 327 medals, including 78 Branch medals - where we came third overall - and nine State Medals. One of the highlights of the season was winning the All Age Beach Relay at the inaugural Inter City Carnival at Redhead Beach.

Seven of our members were selected for the Central Coast Team to compete at the State Inter Branch Championships. They were:-

Quinton Smith, David Dalton, Glenn Morrison, Jude Varcoe, Dean Stokes, Matthew Taylor, Jeannie Smith.

Water Safety Officer - Junior Activities

Congratulations to all the children for their efforts in the water over the last season. For most of the season we had to contend with rather bad and constant rips which is rather odd for Terrigal but for their part the children handled all conditions quite confidently.

I would like to thank all members of the senior section of our Club for all their efforts in helping on our beach days, special thanks to all I.R.B. Drivers for without their continued involvement we would have been in all sorts of trouble.

Many thanks must go to Gary Blackmore, Steve Tucker and Max Varcoe for their efforts in running all water events. To all those parents that were involved in water safety on our beach and at carnivals I thank you on behalf of all the children in our club.

We will be running Surf Life Saving Certificate for Nipper Parents for a couple of weeks, so to get a insight of what nippers and the movements all about, and to qualify for water safety, I would like to see as many parents as possible come forward.

John Howick
Water Safety Officer

Junior Instructor's Report

Congratulations to all the children who passed their age awards this season, a total of 101 children. This is approximately two-thirds of the total children registered.

It is disappointing however to see that a number of children did not attempt to sit for these awards. Ample opportunities were made available for instruction and testing of these awards but many children did not turn up at these times. Much time was spent trying to contact these children and making alternative arrangements.

These awards are such an important part of the Junior Surf Life Saving Movement and it would be wonderful to see all of our registered members passing them. The awards cannot be left until the last couple of months of the season. It is preferable that they be completed by the end of the year so that the children can concentrate on their normal surf and beach activities.

Age award sheets will be made available for all age groups from 7 years to 13 years so I hope that all children and parents ensure that they receive their copies.

I will not be standing for the position of Chief Instructor next season but as holder of the panel of judges I will be available for testing of the children if needed.

Best of luck to all the 1989 - 1990 season.

Ian Taylor
Junior Instructor

Community Service Education Programme

The Junior Activities Committee of Terrigal Surf Life Saving Club again undertook as a community service an educational programme for five and six year olds to familiarise them with the dangers of the surf but without developing undue fear. The children gathered on the beach each week-end to participate in carefully designed games so they could learn while they played.

The season began with a roll-up of over 40 children. Our aim was to develop different physical skills and to have fun. We concentrated on introducing the basic skills they would

need to join the junior activities of the surf club when they turned 7 years of age. We ran sprints, relays, flags and wades all with the fun element involved. The children seemed to enjoy their Sunday mornings and developed confidence in their abilities as the weeks went on. The six year olds are all waiting and ready for the competition in the next season.

Report

The audit report attached has disclosed the Life Members Fund has now increased to in excess of \$4,000.00 plus interest accrued of over \$300.00.

The main funds of \$4,000.00 are invested with an effective return of 13.8% [tax free] until 31/10/88. When this matures it will be expected that an even better result will be achieved as long as interest rates hold their present levels. Another \$552.00 will be added to the principal at maturity and with transfer of some funds from the working account should be able to achieve a deposit of some \$4,700.00 with a return of at least 16.00%.

It is with great pleasure to welcome James and Rick Legge as Life Members. Your club has seen fit to reward them with the highest honour the club can give. I have had the pleasure of working with both James and Rick as Office Bearers of the Club and have always held the contributions they have given in the highest esteem. I am looking forward to working with them in promotion of the Life Members Fund.

The present Life Members Trustees of the Fund are Peter Wyllie, John Burgess and Mark Power.

NOTES TO THE FINANCIAL STATEMENTS

1. ACCOUNTING POLICIES:

a. Cash Basis -

The financial statements have been prepared under the cash basis of accounting.

b. Revenue and Expense Recognition -

The Terrigal Surf Life Saving Club is a non-profit organisation and receives most of its income from donations and specific fund raising events. Amounts by their nature can only be recognised when they are recorded in the books of the club.

Expenses are accounted for on the accruals basis.

c. Imprest Accounts -

The auxillary committee and The Terrigal Sea Lions run imprest accounts from which they make minor payments. The imprest balances are \$500 each. The club treats these monies as spent when advanced.

2. MAJOR DONORS:

Included in donations received are the following major contributions

Conclusion

It is with great pleasure that I commend the Annual Report and Financial Statement for 1988/89 - the 66th - to the members of Terrigal Surf Life Saving Club Incorporated.

This season has been very active for the surf patrols. Seventy four rescues were performed without loss of life, four hundred and forty eight persons were audibly warned or directed to safety and seven hundred and ninety three were treated for first aid.

In competition our members performed at the highest level than for the past two decades, seven winning medals at the State Surf Life Saving Championships at Cape Hawke and nine winning medals at the State Junior Surf Life Saving Championships at Mollymook. Competition is designed around surf life saving activities and it is a pleasure to see that our members are performing at such a high level.

One member's prowess in the surf was recognised by Radio Station 2GO when he was pronounced "Sports Star of the Week" and another members contribution to the community was recognised by the Australia Day Council when on 26th January, 1989 he was awarded a Medallion for Achievement.

Highlights of the year were David Love's performance in winning the State Iron Man Championship for under 18 at Cape Hawke; the State Open Sprint Championship with Paul Minto running second; the brilliant John Minto's second in the under 18 State Beach Sprint; and Will Anido's performance in the Australian Junior Iron Man Championships at Burleigh Heads.

The Cinderella story of the year was unquestionably the performance of the Junior Beach Relay Team who came home from Cape Hawke the State Champions.

Two things about the season will always stay in my mind. The first was how all the competitors from the Central Coast supported each other at both the State and Australian Championships. Irrespective of which Club the competitor was from, if he had a problem, there was always someone to help. The second were the skills displayed by David Love and Will Anido in winning their heat of the Open Board Rescue at the State Championships. The seas were monstrous and to watch those two lads work their way through those treacherous waves, David in the swim leg then Will in the board leg was absolutely brilliant to watch - they had to use every trick in their repertoire, and then some.

To all those members who held positions on the various committees, congratulations on helping to make the season a success - a different task at the best of times but the way the weather was this year it was even more difficult.

My personal thanks to Ray Dewhurst who maintained the minutes of the Management Committee, to Morrie Abell and Mark Sutton for their help to maintain the club house and to Greg Williams, Paul Minto and Gerald Cadden who stepped in to help organise and manage the social events when no one stood for the Auxiliary Delegates position.

Finally, I would like to claim the usual weaver - to those who have been overlooked or some activity has been left out of the report - I apologise. On behalf of President James and myself we wish you all the very best for the coming season, specially to Norm Galvin who has not been enjoying the best of health in recent months.

W. D. Anido
